

Greetings,

Following up with KIC Competition.

The purpose of this email is to inform you of the procedure of sending your projects (**Hard and Soft Copies**) for those who are residents in Lebanon and for those who are sending their projects from outside Lebanon.

However, first, as being asked by many participants, the name of the recipient of the project at the Order of Engineers and Architects in Tripoli is: "**Nadine Nachabe**".

As for the sending procedure,

After consultations with the UIA concerning the issue of sending CDs, USBs, or DVDs, with the drawings which will be opened by the "Security and Customs" agents to look through the contents, we agreed that in order not to have any delay with receiving the materials sent by you (participants) on time (Submission Deadline: Monday, June 17<sup>th</sup>, 2019), we suggest the following:

- For the participants who are residents in Lebanon, please follow the normal procedure by sending the CD, USB or DVD in the same package with the drawing.
- As for the non-residents in Lebanon, please send your drawings separately without the CDs, USBs or DVDs because the soft copies of the projects have to be uploaded to a link which we will be sending to you on Saturday, June 29<sup>th</sup> after finalizing the Jury deliberation (Thursday and Friday, June 27<sup>th</sup> and June 28<sup>th</sup>, 2019).

**Note:** 1- The hard copy and the soft copy must be identical. No modifications are allowed.

2- The soft copy cannot be uploaded before Saturday the 29<sup>th</sup> of June and not later than Wednesday the 3<sup>rd</sup> of July, 2019.
